

APSI Summer Institute Chemistry 2022

All participants need to have closed toed shoes for lab and calculators.

Daily Schedule

Day 1: Course Introductions and Units 1, 2 and 3

- Setting Up a Course and Pacing
- Topic review Units 1, 2, and 3
- Guided Inquiry in the Classroom Activities • Simulations
- AP* Test Questions
- Labs
- Resources and Sharing

Day 2: Units 4 and 5

- Topic review Unit 4
- Guided Inquiry in the Classroom Activities • Simulations
- AP* Test Questions
- Labs
- Resources and Sharing
- Daily Wrap Up

Day 3: Unit 6 and 9 Thermochemistry

- Topic review
- Guided Inquiry in the Classroom Activities • Simulations
- AP* Test Questions
- Labs
- Resources and sharing
- Daily Wrap Up

Day 4: Units 7 and 8

- Topic review
- Guided Inquiry in the Classroom Activities • Simulations
- AP* Test Questions
- Labs
- Resources and Sharing
- Daily Wrap Up

Day 5: AP Classroom

- The Audit and Course Syllabus
 - Equity and Access in AP Chemistry
 - **AP Classroom
 - Institute Wrap Up
-
